Dear Mr. Barrett:

Thank you for coming to speak with our youngsters from Project Independence. We need to address issues of gang violence and talk to our youngsters in a way that they understand. It was very evident that you have a great deal to share and that you captivated the audience. The work that you do with youth around the state is very necessary. It was evident that you made a connection with our youngsters.

I appreciate what you did for our youth at Project Independence and what you do for youth throughout the state. Keep up the good work! I hope to see you again in the Nassau County area.

Sincerely,

Zenora S. Ali, M.S., CRC
